4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

RATES AND RATE STABILITY

New customers are provided rate information at the time they order service. The rate information is prepared based on tariffs which are on file with the state public utility commission and available for inspection at our office. In addition rates are available on the company website. Notices of rate changes proposed by the Company are communicated to the customers through a bill notice or other comparable means. The Company complies with all state and federal rules applicable to rate changes.

PROVIDE SPECIFIC DISCLOSURES IN ADVERTISING

In advertising of prices for service plans the Company will disclose material charges and conditions related to the advertised prices and services. This notice will provide the potential customer with , including if applicable and to the extent the advertising medium reasonably allows: (1) whether nonrecurring installation charges would apply; (2) the monthly fee associated with the service; (3) whether any additional taxes, fees or surcharges apply; (3) the terms and conditions related to receiving a product or service for "free;" and (4) whether prices or benefits apply only for a limited time or promotional period and, if so, whether any different fees or charges will apply for the remainder of the contract term.

TRUTH-IN-BILLING

The Company has long maintained compliance with the FCC's Truth-in-Billing rules as set forth in 47 CFR 64.2401. In part, this requires the Company's telephone bill must: (1) be accompanied by a brief, clear, non-misleading plain language description of the service or services rendered; (2) identify the service provider associated with each charge; (3) clearly and conspicuously identify any change in

service provider; (4) contain full and non-misleading descriptions of charges; (5) identify those charges for which failure to pay will not result in disconnection of the customer's basic local service; and (6) provide a toll free number for customers to call in order to lodge a complaint or obtain information.

Customers' bills will distinguish (1) monthly charges for service and features, and other charges collected and retained by the carrier, from (2) taxes, fees and other charges collected by the carrier and remitted to federal state or local governments. The Company will not label cost recovery fees or charges as taxes.

PROVIDE READY ACCESS TO CUSTOMER SERVICE

Customers and potential customers may access customer service by visiting the Company's office or by using a toll-free telephone number during normal business hours. Customer service contact information is available at our business office with regular hours posted on the storefront. In addition, this information is available online and on the monthly invoice rendered by the company.

ABIDE BY POLICIES FOR PROTECTION OF CUSTOMER PRIVACY

The Company complies with all state and federal rules regarding the privacy of customer information. Certification of this compliance is provided annually to the FCC.

RESPONSE TO CONSUMER INQUIRIES AND COMPLAINTS RECEIVED FROM GOVERNMENT AGENCIES

The Company will respond in writing to state or federal administrative agencies within 30 days of receiving written consumer complaints from any such agency. Should the agency require a shorter interval for response, the Company will use its best efforts to expedite the review of the complaint to provide a response which meets the agency-provided target date.

TERMINATION OF SERVICE

The Company follows the state public utility commission's rules for termination of service.

Service cannot be terminated without advance notice to the customer. If service is being terminated for non-payment, the customer will have the option to establish a payment plan. So long as the customer adheres to the payment plan, service will not be disconnected.

Customers may terminate service at any time and for any reason. The Company does not assess any termination penalty and the customer is simply required to pay for the services which were used while the service was provided.

As an initial point, the Company had no service outages during 2016 which met the FCC's threshold for reporting into the Network Outage Reporting System ("NORS").

The Company engages in preventative maintenance programs which help ensure network reliability in all conditions. This includes regular checks on generators, battery back-up, HVAC infrastructure at central office switches, and tree trimming/removal when trees have the potential to take down telephone lines during events of high wind or heavy snow. Access to critical infrastructure (like central office switches) is limited to essential personnel. Spare equipment is maintained in inventory.

Like most local exchange carriers, the Company's network consists of electronic switching equipment and a network of fiber optics and copper facilities. From a switching standpoint, the Company has one primary switch and smaller switches which are fed by the primary switch. These smaller switches are often referred to as intraexchange remote switches or concentrators. The largest threat to switches is the loss of power. To address this, the Company ensures adequate battery back-up is maintained. For emergency situations which extend beyond the useful life of the battery back-up, the Company uses generators to power the switches. These generators are portable which ensures they can be relocated to any switching center based on the specific needs of each switch. In addition, the Company's office will serve as a Command and Control center. This center is included as a primary location to which continuous power is required.

In cases of emergency, the Company's management has contact information for all employees. Depending upon the scope of the emergency, the Company may call-in as many employees as necessary to provide continual telecommunications service. The Company has access to local and regional construction companies which can be called in to supplement the work force if necessary. When poles are down from emergencies, the Company works with other utilities attached to the same poles to expedite the repair or replacement of the infrastructure.

In summation, the Company takes preventative measures to plan for emergency situations and also takes steps to mitigate the risk or duration of such events.

LIFELINE SERVICE

A. DESCRIPTION

Lifeline Service is a federally funded program established to provide monthly assistance to residential low income households who qualify for this service in accordance with the following Regulations.

B. REGULATIONS

1. Lifeline Service is available to qualified residence customers and is provided via a residence individual Dial Tone Line. Lifeline Service is limited to only one Service per qualified customer or household (a household is defined as “any individual or group of individuals who are living together as one economic unit” an economic unit is “all adult individuals contributing to and sharing in the income and expenses of a household”). However, a qualified residence customer or household is not eligible for Lifeline Service if they are currently receiving a Lifeline program discount on another service supported by the Federal Communications Commission. A potential Lifeline customer who has an outstanding final bill for telephone service which is less than (4) years old must pay the entire balance of any Basic Service final bill before being eligible for Lifeline Service.
2. Residence Lifeline Service consists of the following tariffed standard features and optional customer elected services at the applicable rates, charges and regulations for each feature and service provided:
 - a. One-Party Residence Unlimited Service and Local Measured Service, if available
 - b. Directory Listing (standard only).
 - c. Non-Published or Non-Listed Telephone Number Service.
 - d. Access to Directory Assistance Service.
 - e. Touch-Tone Calling Service
 - f. Access to Message Toll Telephone Service and Optional Dial Station-To-Station Calling Plan Services. However, the Residence Lifeline Dial Tone Line will be blocked from dial station access to 976/556/900 and any other type of Audiotex Service.
 - g. Access to Operator Services.
 - h. Voluntary Toll Restriction Option.
 - i. Access to 800/888 Services.
 - j. Access to Call Trace.
 - k. Access to Alerting and Reporting Systems (9-1-1 dialing).
 - l. Access to the Pennsylvania Telecommunications Relay Service.
 - m. Caller ID Per-call and Per-line Blocking
 - n. Other eligible telecommunications services at tariffed rates.

The DHS Programs listed above must be certified by DHS. Such certification by DHS will be provided only when a DHS client requests Lifeline Service based on the client's status as a participant in any of the above eligibility programs. Certification by DHS will be limited to confirmation of the client's program status (i.e., participation or non-participation). Participation by DHS is subject to execution of an agreement with DHS and Ironton Telephone Company.

4. Lifeline Service will be provided to a customer only so long as such customer continues to meet the participation and certification guidelines in B.3. above. At the time of initial establishment of Lifeline Service, the customer agrees to have his or her eligibility recertified annually by Ironton Telephone Company. When the Company is notified by the customer or determines through recertification that the Lifeline Service customer is no longer a participant in the DHS programs in B.3. above or otherwise low-income eligible, the customer will be notified (by telephone or letter) that the Lifeline Service rate is no longer applicable. Within the stated customer notification period (60 days from the date of the notification), the customer can contact the Company to negotiate new Dial Tone Service arrangements at applicable tariff rates (no connection charges will apply for existing services or options retained). If the customer does not contact the Company by the end of the notification period, the Lifeline Service will be changed to applicable Exchange Area Dial Tone Line service at existing tariff rates (no connection charges will apply to existing services or options retained).
